PROGRAM TITLE - GRANTS FOR BASIC WATER AND SEWER FACILITIES

NATURE AND PURPOSE OF PROGRAM

This program provides grants to encourage and assist local public bodies in comprehensively planned basic water and sewer facilities that will help improve living standards and promote efficient and orderly growth and development of the area-wide community. Basically, grants of not more than 50% of the development cost are authorized.

ELIGIBILITY

The applicant agency must be a local public body or agency of one or more States, an Indian tribe, and/or a board or commission established by State law to finance water and sewer improvement projects.
